EDUCATION

Chitkara University <i>Bachelor's of Engineering in Computer Science and Engineering</i>	June 2025 <i>Current CGPA: 8.7</i>
B.N.S.D Inter College <i>12th- State Board</i>	2019-2020
St. Francis Xavier's <i>10th-State Board</i>	2017-2018

RELEVANT COURSEWORK

Object-Oriented Programming (OOPs), Data Structures & Algorithms, Web Development, Operating Systems, DBMS

SKILLS

Languages: Java, JavaScript, HTML/CSS, SQL

Technologies/Frameworks: React.js, Express.js, Node.js, MongoDB, Bootstrap

Tools: Git/GitHub, Node.js, VS Code, IntelliJ, Canva

Development Areas: Front-End Development, Back-End Development, UI/UX Design, RESTful APIs

PROJECTS

Food Ordering App | *React.js, Express, MongoDB, Node.js, Stripe, VS Code*

- Handled front-end development using React.js and back-end using Node.js and Express, ensuring smooth data flow between the client and server.
- Enabled restaurant owners to create and manage menu items with detailed information.
- Integrated a secure payment gateway using Stripe and RESTful APIs to handle secure transactions.
- Enhanced security and usability for both restaurant owners and customers.

Faculty Management System | *React, Material UI, VS Code*

- Delivered a responsive and intuitive interface for faculty to manage courses, schedules, and materials.
- Enabled faculty to apply for leaves and facilitated administrative approval or rejection of leave requests.
- Developed reporting tools and analytics for tracking attendance, grades, and course completion rates.

MetHut Website | *JavaScript, HTML, CSS*

- Developed a user-friendly college website front-end, enhancing engagement with club information.
- Facilitated student engagement by making it effortless for newcomers to explore campus groups.
- Enhanced the online presence of college clubs and societies, promoting student involvement.

ACHIEVEMENTS

LeetCode:

Solved 300+ problems, showcasing strong problem-solving skills in algorithms and data structures.

Silver Medalist:

Won Silver Medal in U-16 State Level Basketball Tournament, demonstrating strong teamwork and leadership skills.

POSITION OF RESPONSIBILITY

Organized the Annual Security Summit on Cybersecurity held in Delhi at a top-tier hotel, contributing to event planning and coordination. Demonstrated strong communication, collaboration, and organizational skills in a high-profile setting, ensuring smooth coordination between speakers and participants.
